Documentation

Customs Formalities & Examination

AtA Carnet Entry for goods under ATA Carnet allows free movement of the goods within the United Kingdom, after the exhibition, for a period of up to 6 months or until the expiry of the Carnet, whichever occurs first, before which the goods must be exported (under Customs supervision).

Temporary Import Goods may be temporarily imported under WES Logistics temporary import bond facility, subject to a non-refundable bond fee. Please be advised that all goods entered under our security bond, remain under our control and, at the end of the show, should either be exported, or permanently imported, by WES Logistics.

Permanent Import For goods to remain in the United Kingdom import Duty and VAT will be applicable. Duty and VAT % rates are available. Giveaways are not always exempt from Duty and VAT.

Commercial Invoice & Packing List

In order to assist you in the preparation of documents, we can supply you with a combined commercial invoice and packing list. This must show full description of goods, including unit price and totals. Restrictions apply on quantities of giveaway items allowed which should be appropriate to the duration and attendance of the exhibition. The following must be shown:-

- Package number - it must match the case / markings mentioned
- Full description of contents and harmonisation codes
- Dimensions and gross weight

A copy of the commercial invoice / packing list should be firmly attached to the case beneath the case mark. Customs may examine the goods on importation, so it essential that a detailed packing list is provided to avoid delays in clearance. When cargo is shipped as an LCL / FCL container, a container packing list / manifest is required.
